Positive Role Models

The Warner Center Kiwanis focuses a great deal on young children and that's why the following item in this morning's email really grabbed me... but not for the reason you might think.

"Did you know 7 out of 10 children are not properly buckled in? Is your car seat installed correctly? To find out, schedule a free appointment with Officer Nibarger 818-888-0980 at the CHP - West Valley." You can also get more advice for doing a "seat check" online.

What really struck me is how many parents are trying very hard to follow the guidelines and get their children into those seats. In my own family for instance, we have 11 grandchildren who have all been closely watched and secured at great expense to the patience and dedication of their parents. When they are in a hurry it's particularly evident the amount of dedication it takes to do it right! It's even possible that the chore of properly restraining children in the car is negatively impacting population growth.

There is more good here though... parents who care and make the effort should be commended not just for their observance of laws but because they are being "positive role models." They are visibly (sometimes audibly) demonstrating directly to their children that it matters to do this every time they get in the car. It's not just a thing we do when others are looking. Children need to see adults care about practicing good habits.

So this little note is for all the parents out there putting on those seat belts and car seats, wondering if it's really worth it. It is! You sit a little higher in your child's mind and are helping to establish life-long habits that make them better people and in turn create a better world.

Thank you from Warner Center Kiwanis.

Kiwanis and LAPD Sponsor Youth

The Kiwanis Club of Warner Center was presented this week with a beautiful framed award for sponsoring "at risk" youth in the West San Fernando Valley. Officer Marty Fentress, honorary KCWC member, was instrumental in presenting this opportunity to the club at a recent board meeting. Kiwanis Warner Center places special emphasis on young children and focuses on promoting worthy programs for them. The full story and programs benefiting from the donation can be seen in the latest issue of the Kryer ([kryer/lapd](#))
