Kiwaniis endorse the Milan Charter

MILANO 2015

theMilan Charter

We, women and men, citizens of this planet, endorse this document, entitled the Milan Charter. In so doing, we make clear commitments concerning the right to food, which we believe should be treated as a fundamental human right.

We consider a lack of access to sufficient, safe and nutritious food, clean water and energy to be a violation of human dignity.

We believe that only our collective action as citizens, together with civil society, businesses and local, national and international institutions, will make it possible to overcome the major challenges related to food: combating undernutrition, malnutrition and waste, promoting equitable access to natural resources and ensuring sustainable management of production processes.

theMilan Charter

Given that we believe in the possibility of a world without hunger, and consider this a matter of human dignity, in the European Year for Development and on the occasion of Expo Milano 2015, we commit to adopting the principles and practices outlined in this Milan Charter, in line with the strategy that the member states of the United Nations have developed to eradicate the problem of hunger by 2030.
