A Common European Service

HAPPY CHILD

Foreword

- In November 2016, in Indianapolis, during the special training for European officers, all the governors agreed on **the necessity to have a Common European Service Project.**
- A Common Project would lead European members to have more awareness about KI-EF and at the same time make **a big impact in the local community.**
- All the governors agreed that **the foremost emergency for Kiwanis in Europe is migrant children.** According to UNICEF last year 110,000 children arrived in Europe. 25,000 of them were unaccompanied and about 10,000 of them according to EUROPOL disappeared. **We as Kiwanians cannot be blind and deaf toward this serious international problem.**
- **We feel a great responsibility.** We have to do something about it.
- In January 2017, during our most recent D.O.T. session, all our district officers chose to further discuss this problem and decided to start the Common European Service Project, named "HAPPY CHILDREN".

Happy Child Goals

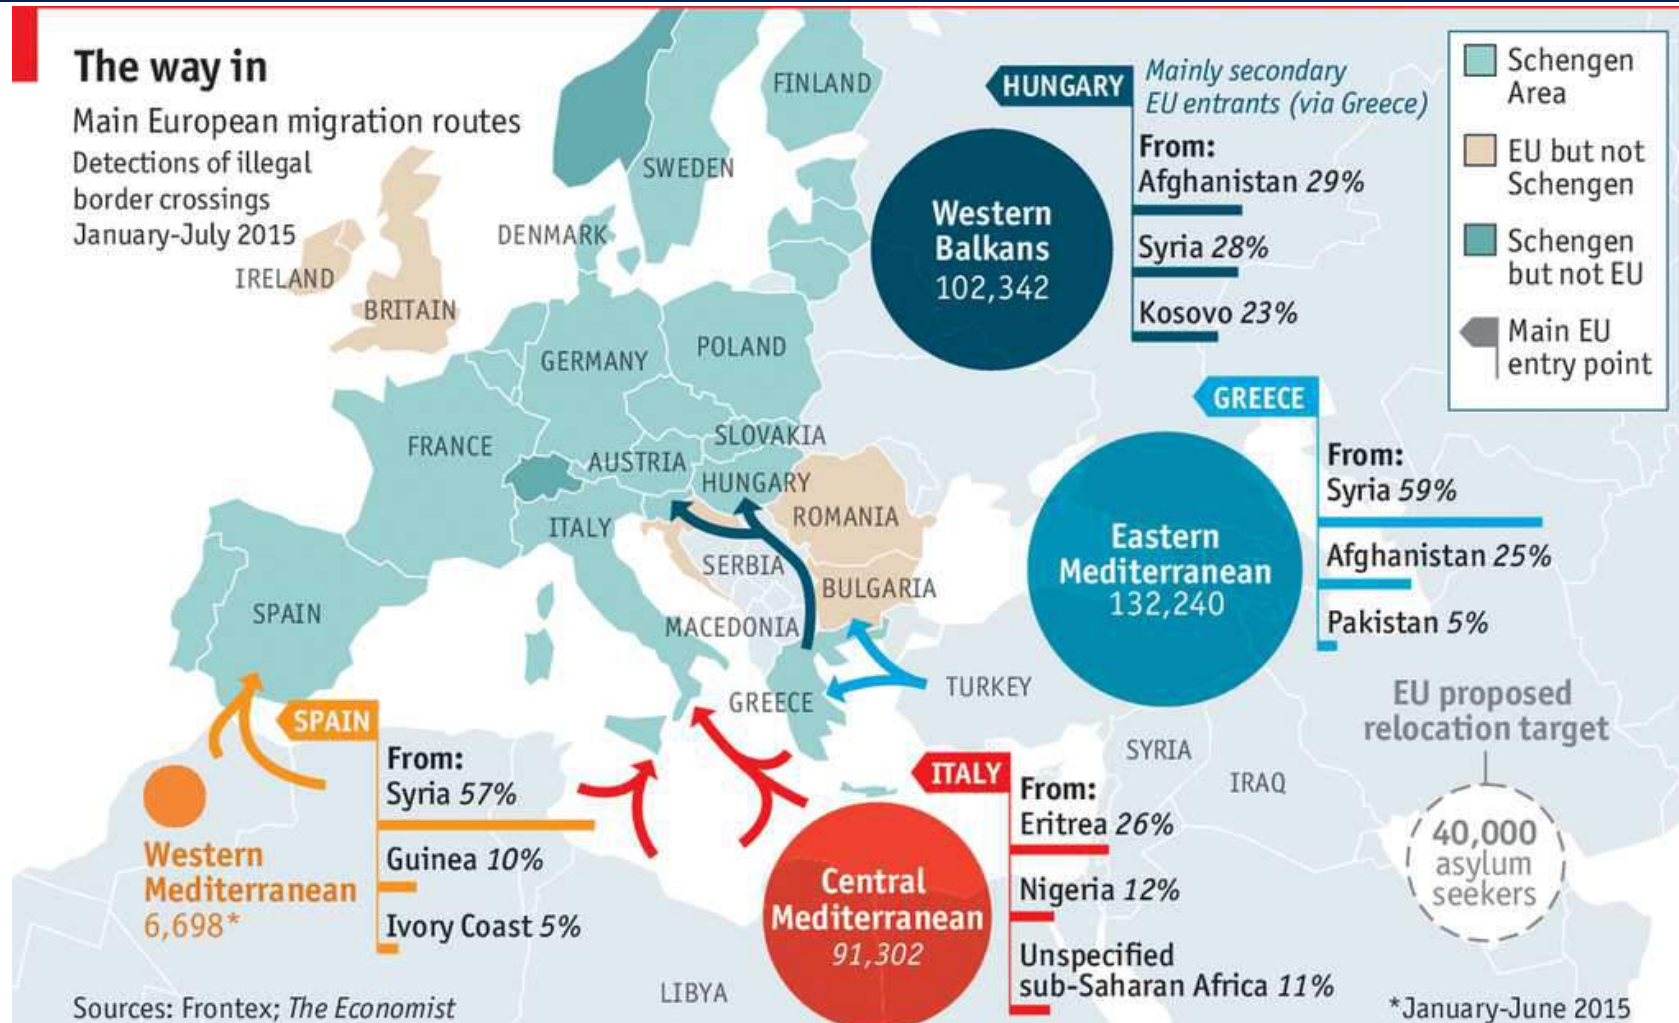

not only Fundraising...

- The aim of the Happy Child project is to aid migrant children in having protection, healthcare and education.
- The project is not mandatory and each District/Nation and/or club can decide how to participate in the project. Clubs can act as single entities or club groups working together, but it is important that all play their own part.
- What a District/Nation, Division, club can do:
 - **SHARE:** Spread the word by sharing stories about acts of humanity to inspire others.
 - **DEFINE:** Explain what an act of humanity is.
 - **LOOK:** If you notice an act of humanity in your community, made by friends or strangers, share it on social media.
 - **HELP:** Contribute to projects for refugees, like the Refugee Phrasebook, a site made by German volunteers to help refugees find the right words to start their new lives.
 - **LEARN:** Stay smart by keeping up with the refugee and migrant crisis in the news and share what you've learned with others. Knowledge is the first step to empathy.
 - **DISCUSS:** Encourage people to talk to their friends — at dinner, in school, at university — about solutions to challenging public problems.

Minori stranieri non accompagnati (MSNA)

I minori separati dai genitori e non accompagnati da adulti (MSNA) sono la categoria più a rischio.

La rotta del Mediterraneo Centrale dal Nord Africa all'Italia è unica per la proporzione incredibilmente alta di minorenni non accompagnati tra i rifugiati e i migranti.

Nel 2017, **in Italia 9 bambini su 10 sono risultati MSNA, il 91% del totale**, in Grecia, i bambini soli, separati dai genitori e non accompagnati da adulti hanno rappresentato il 16% del totale.

I MSNA in Italia

Su più di 119.300 persone giunte in Italia nel 2017, il 14,7% erano minori: oltre 17.500. Di tutti i minori arrivati in Italia, nel 2017 **circa 9 su 10 sono risultati non accompagnati (MSNA), il 91% del totale**. Nei primi 6 mesi del 2018, la quota di MSNA sul totale dei bambini sbarcati in Italia è diminuita, pur restando molto elevata: **2.809 minori sbarcati tra il 1° gennaio e il 23 luglio 2018 sono risultati MSNA**.

Tra il 1° gennaio e il 31 dicembre 2017, un totale di 15.540 minorenni sono giunti in Italia come MSNA, il 91% di tutti i bambini arrivati nel nostro paese. Nel complesso, nel 2017 i minorenni arrivati accompagnati o come MSNA hanno costituito più del 13% del totale delle persone sbarcate in Italia come rifugiati e migranti³⁰. Nel 2016, gli MSNA giunti in Italia via mare sono stati 25.846, più del doppio rispetto ai 12.360 del 2015.

Secondo i dati aggiornati **al 30 giugno 2018** dalle autorità italiane, **un totale di 13.151 minori** risultavano presenti e censiti sul territorio, mentre 4.667 figuravano irreperibili.

La maggioranza dei minori che hanno lasciato i centri di prima accoglienza e di cui si sono perse le tracce ha probabilmente proseguito il viaggio verso il nord Europa, ma si teme che molti siano caduti vittime di sfruttamento, lavoro minorile, traffico di minori. Sicilia, Lombardia e Lazio sono le 3 regioni con il maggior numero di MSNA alla data del 30 giugno.

A GREAT PARTNERSHIP

TOGETHER WE CAN

MODICA CHOCO FOR HAPPY CHILD
Baveno, May 25th 2018

CHOCOMODICA FOR HAPPY CHILD

- Kiwanis International Italia San Marino District and Modica Chocolate Consortium relaunched the existing partnership to serve the children of the world through the donations of sweet Chocolate bars
- Modica Choco for Life is the original name of the Project, officially taken off in the Expo 2015 event in Milan, on 30th of May, during the «Kiwanis Eliminate Focus» held in Cacao Cluster, in the presence of the Kiwanis International President John Button, who joined us to celebrate the Centennial Year of Kiwanis
- The idea is simple, powerful and salable: it helps both the Fundraising for the Happy Child Project and making-known world-wide a local, unique and excellent product that is the Chocolate of Modica
- The Project is flexible and suitable to be exported in Europe as a solidarity tool to promote Fundraising Projects in KI-EF Districts

CHOCOMODICA for HAPPY CHILD

Synergies to service more

- **200 bars of Modica Chocolate** will be donated during the Happy Child workshop at the European Convention of Baveno with the intention of spreading the Project in Kiwanis Europe

- Promote common initiatives in a manner that reinforces the win-win strategy of the project
- Even though the market is currently saturated with chocolate of different shapes and flavours, Modica Choco is unique because:
 1. it helps our children;
 2. it makes a child happy;
 3. its image of healthy food speaks by itself
